

AI Ads That Help Small Businesses Scale

Create, test, and refresh winning ads automatically. Notch helps small businesses grow faster with data-driven creative ideas and nonstop ad optimization.

CHAPTER 1

Why Small Businesses Struggle with Ads

Small businesses lose time, ideas, and performance trying to match big-brand quality. Notch turns those bottlenecks into automated creative growth.

Too Busy to Make Ads

Small business owners already wear too many hats. Creative Brain™ builds ready-to-launch ad sets from your website in minutes.

Ad Performance Drops Fast

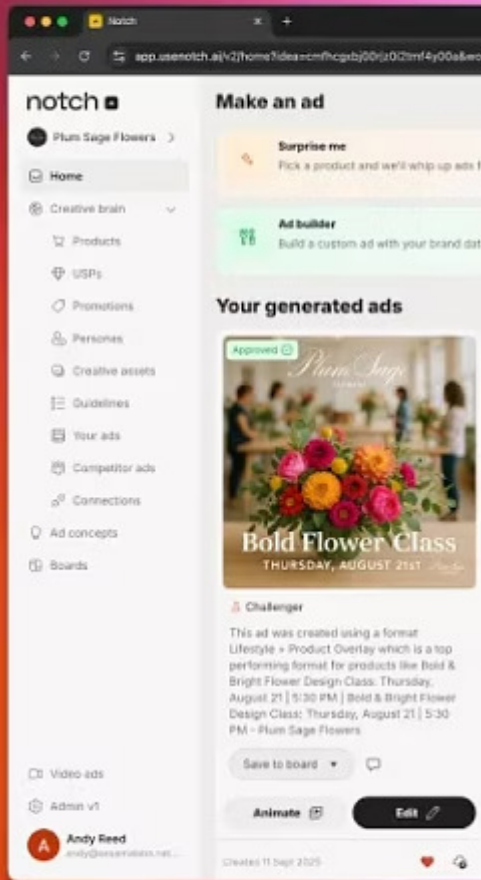

You finally find an ad that works, then performance drops overnight. Successor AI™ tracks top performers and creates new versions automatically.

Out of Fresh Concepts

When you're running a small business, creative ideas dry up fast. Breakthrough AI™ delivers new hooks, visuals, and formats that convert.

See How Notch Builds Ads Instantly

Watch Notch turn your website or catalog into conversion-ready ads with Creative Brain, Breakthrough AI, and Successor AI. Launch optimized creatives in minutes, not days.

CHAPTER 2

The Smarter Way to Build Ads

Three powerful engines working together to accelerate your small business growth.

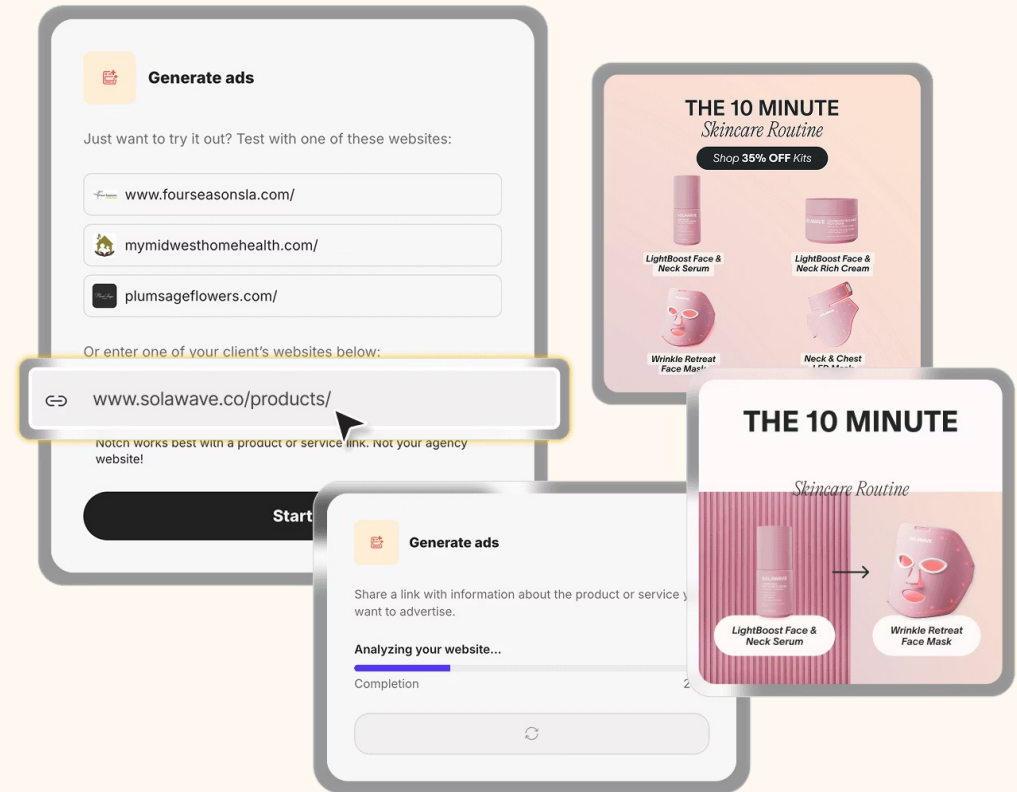

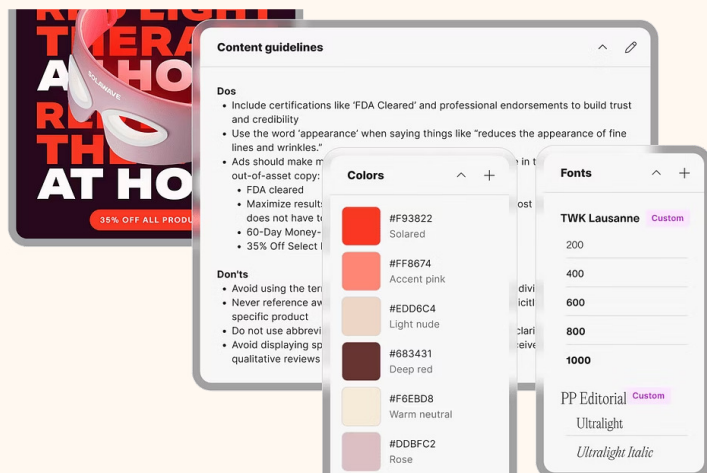

Acceleration

Speed for Launches

Transform your product pages into full ad sets in minutes.

Perfect for small businesses that need to test quickly.

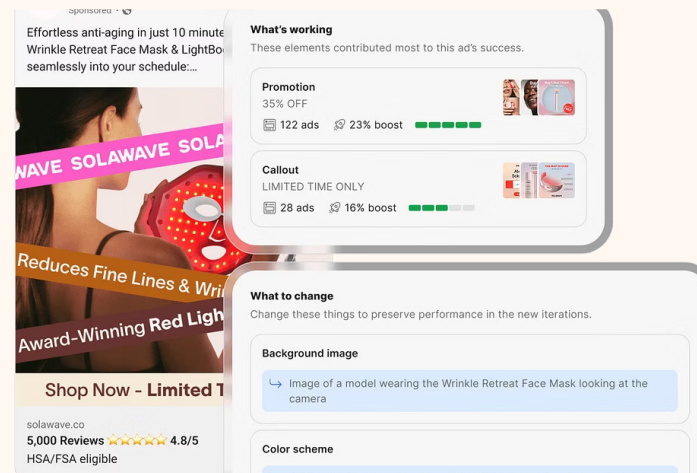

Consistency

Brand-Trusted Output

Every version matches your brand voice, design, and platform policies—clean, polished, and ready to post.

Endurance

Ads That Last

Prevent your top creatives from burning out. This AI refreshes them automatically before they lose effectiveness.

CHAPTER 3

What Our Clients Say

“

"Managing 20+ mid-market accounts with a lean team was impossible before. With Notch, we scale creative output across clients without hiring more staff."

David P.

Paid Media for Consumer Brands

“

"Our DTC clients expect constant fresh ideas. Notch gives us 50+ testable concepts a week and keeps campaigns from stalling—it's become our retention secret."

Samantha K.

E-Com Growth Agency

Frequently Asked Questions

What makes Notch different from other ad tools?

Notch combines three AI engines to automate the entire creative lifecycle—from ideation to refresh—specifically built for small business constraints.

Can I use this across multiple products or services?

Yes. Notch works with your entire catalog, creating unique ad sets for each product or service automatically.

How does Notch reduce wasted ad spend?

By predicting creative fatigue and refreshing ads before performance drops, you maintain consistent results without budget waste.

Will my ads look low-budget?

No. Every ad matches your brand standards with professional design, copy, and platform compliance built in.

Stop Waiting. Start Growing with AI Ads.

Notch gives small businesses the creative engine they need—faster, smarter, and performance-focused.
